1.   Contributor owns, and has sufficient rights to contribute, all source code,
     (including xml code) and related materials intended to be compiled,
     interpreted, parsed or integrated with the source code for the Java Model
     Railroad Interface ("JMRI") open source project source product (the
     "Contribution") which the Contributor has ever delivered, and Robert
     Jacobsen has accepted, for incorporation into the technology made available
     under the JMRI open source project.

2.   Contributor hereby assigns to Robert Jacobsen joint ownership in all
     worldwide common law and statutory rights associated with the copyrights,
     copyright applications, copyright registration and moral rights in the
     Contribution to the extent allowable under applicable local laws and copyright
     conventions. Contributor agrees that this assignment may be submitted by
     Robert Jacobsen to register a copyright in the Contribution. Contributor
     retains the right to use the Contribution for Contributor's own purposes. This
     Joint Copyright Assignment supersedes and replaces all prior copyright
     assignments made by the Contributor to Robert Jacobsen under the JMRI
     open source project.

3.   Contributor is legally entitled to grant the above assignment and agrees not to
     provide any Contribution that violates any law or breaches any contract.
